

FREE online talks about meadows,  
gardens and the wildlife that live  
in them.

# The Garden Jungle: How to save our insects

An inspiring talk by eminent environmental scientist and best-selling author

**Dave Goulson**

7.30pm • 14 January 2021 • Book ONLINE

<https://moormeadowsdavegoulsonstalk.eventbrite.co.uk>

Join Professor Dave Goulson, to explore the key role we can play in helping to revive our natural world.

In this talk he will give us practical information that will show us what we can do to increase insect numbers and help rebuild a healthy natural environment

**Other talks coming soon.**

**Stephen Moss** • Why meadows matter and why we need more of them

**Matt Pitts** from Plantlife • Do you have a field, yet dream of a meadow?

Are you creating or restoring a wildflower meadow or would like to, but don't know where to start?

Join the More Meadows online Meadow makers' forum to share knowledge and information and find out about groups near you, or even start one
