Pencil Grinder

SPM Series Pencil Grinder

For over 45 years, ATA has designed, manufactured and supplied pencil grinders to a variety of industries including aerospace, power generation and mold & die. Our latest development to this popular series includes:

- Newly designed roll throttle offering ease of use to operators
- Moulded sleeve which results in improved ergonomics
- Modification to the motor, coupled with the newly designed roll throttle delivers enhanced torque.

Ideally suited to 3mm (1/8") shank carbide burs and mounted points, the SPM series is suited to both precision deburring and finishing operations in a wide variety of applications and industries.
