

# Opportunities for UK cereal exports in a post-Brexit environment

Andrew Osmond, AHDB C&O Board Member

# Potential for UK cereal exports in a post-Brexit environment

- **MENA region**

- UKS (biscuit grade wheat) exports to Morocco, Algeria and Egypt
- Oats exports to UAE and surrounding area
- Feed barley and wheat to Saudi Arabia

- **Latin America**

- Wheat exports to Mexico
- Malt exports to Cuba

- **China/Japan**

- Barley exports to China
- Malting barley and malt exports to Japan

# MENA region

- UKS (biscuit grade wheat) exports to Morocco, Algeria and Egypt

- Oats exports to UAE and surrounding area

- Feed barley and wheat to Saudi Arabia/
- Feed barley to Jordan

# Latin America

- Wheat exports to Mexico
  - protocol in progress
  - NAFTA negotiations unclear

- Malt and wheat exports to Cuba
  - beer consumption increasing
  - stand at FIHAV trade show

# China/Japan

- Tour of UK cereal supply chain - June 2018
- Meetings with government authorities in Beijing – July 2018
- Revisit of barley protocol currently in progress

- Potential for malting barley exports – large beer industry
- UK a supplier of feed barley and malt

# Future plans – maximising opportunity

- Ensure industry knows the technical requirements for new and existing markets
- Work with Government opening and maintaining new markets
- Encourage seed breeders to find high yielding uks varieties
